WE PUSH
THE CREATIVE ENVELOPE
OF FUNCTION AND INNOVATION.
Mogogo is led by designers and chefs that are driven by the desire to introduce new, beautiful, and functional products to the market, with an environmentally friendly philosophy in mind.
ABOUT MODULAR COLLECTION

Mogogo’s flagship collection, the Modular System, allows you to use the same components in various ways to create different configurations of products. Our Modular System Line is composed of our Classic and Creative Ranges, and a large variety of complementary accessories.

Our Classic Range consists of buffet tables and shelves that fit each other seamlessly, functioning as building blocks to the Mogogo System. The classic range is characterized by sleek linear design, adaptable to both traditional and more modern, edgier looks.

Our Creative Range comes with a curved design concept. Our Creative system is patented and offers unique features based on our vast experience in large food service operations.

Our stations are carefully designed maintaining a delicate balance between high functionality, durability, and mobility; all in perfect symbiosis with high design standards, providing an ideal solution for the Food and Beverage industry.
MATERIALS

Joining our Bamboo (1)* collection is our innovative BHP material. BHP is a newly composed material that arrived after two years of intense R&D. It merges layers of High-Pressure Laminate with a Vertical Bamboo core (Mogogo’s expertise) creating a lighter yet durable panel that offers new textures and colors. This new material combines the advantages of both bamboo and HPL, perfect for the ever-changing needs of the hospitality industry. BHP is available in a variety of finishes that resemble natural materials such as Grey Slate, Nero Marquina Marble, and Bengali Mango Wood (2-4), making it easy to match with any event and decor. The innovative bamboo core of the BHP goes in line with Mogogo’s sustainability motto while the HPL’s outer coating is durable for different environments, hygienic and easy to clean.

Modular segments come in 2 finishes:
brushed stainless steel (5) and brushed brass (6).

Easily cover up parts of your buffet stations with our original quick covers (7). Both durable and easy to clean, they come in 4 different color options allowing you to easily match any of your event color schemes.

For that extra outdoor feel, add a canopy (8) to your buffet station, made from a sturdy Cordura fabric known for its resistance to abrasions, tears, and scuffs.

* High-Density Bamboo finish only available in North America
The Mogogo Modular System is composed of individual parts, which can be assembled to create endless configurations. These individual components sit at the core of the Mogogo Modular System. In fact, they are utilized as the base for creating Action Stations, Buffet Stations, Bar Stations, and more when combined with add-ons, in order to offer the perfect customized touch for all of your buffet solution needs.

All Buffet Stations have essential elements: tabletops, mid-part segments, and leg segments (permanent or mobile casters). From there, you can start choosing your add-ons: different shelves, sign posts, quick covers, arches, etc., for the ultimate customization.

What is unique about Mogogo’s configurations is the freedom of building any stations you want from the exact same parts. Start with a Basic Station and add shelves: it makes for the ideal Breakfast Station. Add a different tabletop and covers: it becomes an elegant Bar Station.

When the sum of parts is bigger than the whole, we deliver on unique and endless possibilities.

ACTION STATIONS

Guests’ fascination with chefs, food preparation, and presentation around the Action Station continues to grow and evolve in events today - it’s a great way to add some spice and surprise to your culinary landscape.

Mogogo’s Action Stations are designed to enhance the interactive experience of your guests through elegant design, while providing chefs and F&B professionals all the functional elements they are looking for. From an omelet station to a make-it-your-own dish station, Mogogo Action Stations are extremely modular; our ever-expanding line of add-ons and a wide range of tabletops deliver functionality and authenticity.

Cooking in front of the guest entices all their senses - and we believe beautifully crafted furniture is part of the experience.
OPEN C SERVING STATION
Neither round nor square, this station creates a minimalist and functional approach, designed to serve large crowds with minimal effort.

MG CMSA01 WSXF

CLASSIC CANOPY COOLING STATION
Chilled tabletop for a contemporary Food Market feel with hygienic stainless steel top and insulated ice bin with drain.
(shown with optional Silver-Grey quick covers)

MG CMLA01 MSWF
CREATIVE DIY STATION
Combining circular and linear units, this design layout makes for the ideal make-your-own dish station that enhances the customer’s experience.
(shown with optional Charcoal-Black quick covers)
MG CMSA02 GSXF

PRO SALSA BAR STATION
This station provides chefs with a perfect combination of a stainless steel workspace with extra storage and display areas to impress their diners.
(shown with optional Charcoal-Black quick covers)

(shown with optional Large Oval high display shelf and Small Oval low display shelf)
BUFFET STATIONS

As a fundamental functional element to any F&B operation, we believe Buffet Stations no longer need to be hidden under heavy linens nor lifted by the staff.

Mogogo takes an innovative and sustainable approach to Buffet Stations by introducing new design and functionality for linenless F&B Furniture, revealing beautiful clean lines. The presentation of a station is just as important as the quality of food being served and Mogogo offers ideal solutions for Chefs to display their most exquisite dishes. From Classic to Creative, Mogogo Buffet Stations offer a wide range of display and self-service options. Above, add shelves to elevate the dining experience of your guests; below, add our Quick Covers to conceal extra storage space.

Maximize every corner of your catering space by mixing and matching between our Classic Range and Creative Range to reinvent the experience of self-service in events.
COOLING CORNER STATION

Make the best use of space with this classic corner buffet station that gives all the advantages of a Mogogo station without taking up extra event space.

(shown with optional Golden-Brown quick covers)

MG CMLB01 BSXW

SELF SERVICE CHILLED SALAD STATION

Make a statement in any event with a chilled food station equipped with insulated ice bins and protective self-service high breath guards.

(shown with optional Silver-Grey quick covers)

WARMING AND COOKING STATIONS

The visual appeal of the colors and textures of the food, the aroma as it is prepared, and the sounds of sizzling pans... Cooking and Warming Stations generate excitement, curiosity, and can be a great catalyst for social interaction.

Now, Cooking and Warming Stations are redesigned as one modern and beautifully crafted element to seamlessly blend with your hospitality design standards. Designed as a modular extension to our existing function-based tabletops, Mogogo Cooking and Warming Stations offer your chefs high-functionality, mobility, and add a sense of theater for a special catering experience.

Your guests want creativity and variety. Introduce them to new culinary territories and let them discover new sensations with Mogogo's Cooking and Warming Stations.
**ROUNDED WARMING INDUCTION MARKET STATION**

TRANSFER & STORAGE CARTS

Designed for convenience and mobility, Mogogo’s utility carts are an integral part of the Modular system as they make storing and assembling the stations an easy task. Whether it is to push them through the halls, or get in and out of elevators, they make the behind the scenes of your time-sensitive events easier and give you an extra push on productivity.

The carts can store up to five large Classic units or four large Creative units while the orange vinyl coated areas ensure comprehensive tabletop protection.

Mogogo’s Modular System is based on a wide range of individual parts, which can be stacked up & assembled to design a variety of stations.

Our Modular System stems from the simple idea that your F&B Furniture should adapt to your ever-varying needs during different event sizes, types, and themes. It allows you to pick and choose basic elements such as tabletops, leg segments, casters, shelves, and other add-ons.

Endless vertical and horizontal possibilities exist while choosing between our functional tabletops: from classic to cooking, warming and bar tabletops, or picking your material and finishes of choice. Mogogo’s Modular System gifts you an ocean of possibilities.
