With a rustic, hand-crafted look and feel, the Craft range is a unique and individual collection that looks at home in all dining environments. With two striking new colourways – Liquorice and Porcini, Craft creates a tabletop that diners will not forget.

The new Liquorice colourway adds drama and sophistication to the entire range and is in sync with the current trend for black tableware. Visually arresting, Liquorice contrasts and co-ordinates with the existing Craft colourways, amplifying the rustic effect and re-invigorating an already iconic and market-trusted range.

The range embodies the beauty of rich, lustrous glazes applied by hand, and celebrates chance effects and reactions which occur in the kiln.

Craft the original and arguably the best.
Craft has been specifically developed to enhance the colour values and tones of food to make dishes even more appealing and perceptibly more flavourful.

The rich neutral colour provides a deep contrasting platform, which works as a natural base to bring out the best in quality food presentation.

Each piece of Craft is individually hand decorated, so no two pieces will be the same. Further magic happens in the kiln as the glaze reacts to produce beautiful and random textured effects.
