WE PUSH
THE CREATIVE ENVELOPE
OF FUNCTION AND INNOVATION.
BORN FROM AN INTERDISCIPLINARY PASSION FOR Design x Food

Mogogo is led by designers and chefs that are driven by the desire to introduce new, beautiful, and functional products to the market, with an environmentally friendly philosophy in mind.
ABOUT POLO COLLECTION

Mogogo’s PoLo Tables are lightweight and extremely versatile, designed using our unique Modular System.

Available in Round, Square, or Oval Tabletop shapes, they offer a wide variety of combinations.

This approach allows for the same coffee table to be effortlessly transformed into a bistro or bar table and then into a champagne or dessert station in no time. It provides you with flexibility while also retaining simplicity and style.
MATERIALS

PoLo tops are made of our innovative BHP material. BHP is a newly composed material that arrived after two years of intense R&D. It merges layers of High-Pressure Laminate with a Vertical Bamboo core (Mogogo’s expertise) creating a lighter yet durable panel that offers new textures and colors. This new material combines the advantages of both bamboo and HPL, perfect for the ever-changing needs of the hospitality industry. Available in a variety of finishes that resemble natural materials such as Bengali Mango Wood, Nero Marquina Marble, and Grey Slate (1-3), making it easy to match with any event and decor.

The innovative bamboo core of the BHP goes in line with Mogogo’s sustainability motto while the HPL’s outer coating is durable for different environments, hygienic, and easy to clean.

PoLo segments come in 2 finishes—brushed stainless steel (4) and brushed brass (5).
HOW IT WORKS

Mogogo’s PoLo Tables’ industrial design is based on the Modular System. Delivered to you in flat packaging, it is easy and fast to assemble and disassemble. Composed of the same individual components (tabletops, leg segments, and mid-part segments) it gives you the flexibility to transform the same coffee table into a bistro table, a bar table, or a display table.

PoLo’s cross base and adjustable legs give it stability and the flexibility to adapt your table to any terrain. The clean one pole design makes this table blend easily into any design scheme and event space.

Highly versatile while offering durability and functionality, PoLo Tables enable you to use your creativity. Play with heights, tabletop shapes (round, square, or oval), different finishes, and add shelving layers as needed for additional display.

Mogogo’s utility carts are designed for your convenience and mobility and are an integral part of the PoLo system as they make storing and assembling the tables easy. Whether it is to pull out the tabletops, to push them through the halls, or get in and out of elevators; they make the behind the scenes of your time-sensitive events easier and give you an extra push on productivity.
SYSTEM BREAKDOWN

Mogogo’s PoLo Table Collection is composed of three different shapes of tabletops: round, square and oval. Different sizes of leg segments are available in two finishes and optional smaller shelves in corresponding shapes.

Three types of parts; endless possibilities and table functions.
